

Bowling Extravaganza

A Family Fun Idea by Joshua's House

What do a bowling alley, Bible trivia and lots of fun have in common?

Put them all together, and you end up with a really great evening. If you have some old Bible trivia games or books sitting on the shelf - pull them out. It's time to put them to use.

If you don't have anything like that, feel free to check out our [bookstore](#). We have all sorts of trivia games and books for various prices. Or, better yet, you could turn this into a two evening event and sit down as a family and make your own Bible trivia questions!

When you have all of your trivia questions gathered together, load up and head out to your nearest bowling alley for an evening of great fun.

There are two variations to this game, and you may even add more. Here they are:

Variation #1

When each person is done with their bowl, the number of pins knocked over equals the number of questions they can be asked. If the person bowls a gutter ball, they still get one question - but it's a tough one. If a spare is bowled, there is a bonus 15 point question. If the bowler throws a strike, he/she gets a 20 point question. Wow!

Variation #2

This is very similar to the above version, except rather than the number of questions being determined by the number of pins knocked down, the point value of the question is determined by the number of pins knocked down.

Have fun with these games! Come up with some other variations of your own and let us know how the game goes. And don't forget to have a great time!
